

NEWS LETTER FROM CHAFFEE

Marie Wilhelm has recovered from a case of tonsillitis.

Mrs. W. H. Pryor was an out-of-town visitor Tuesday.

Mrs. Lennen, who is in St. Louis in a hospital, is improving nicely.

Mrs. Fred Bandy of Mounds, Ill., is visiting Mr. and Mrs. John Bandy.

The Rush Hoop Mill has been shut down the last week, but started last Monday.

Joe Barowsky returned Tuesday from a month's vacation with relatives in Indiana.

Mrs. W. E. Hill and two daughters have been visiting relatives at Hayti the last two weeks.

Mrs. E. C. Heard and son left Tuesday to visit her mother at Oran the remainder of the week.

Mrs. Fred Hisslinghoff will return the latter part of the week from an extended visit at Springfield, Mo.

John Bandy is very busy with his truck hauling freight from Cape Girardeau. A great deal of permanent road building has been done just north of Chaffee that will make the road travel better in wet weather.

Business has increased with the Frisco on this division during the last week and four brakemen have been put back that were cut off last winter. The local service between Cape Girardeau will be re-established to daily except Sunday in place of the tri-weekly service at present, to afford proper service and switching facilities for patrons of that territory.

Brakeman J. J. Jefferies, who received a personal injury August 23 at St. Genevieve by reason of an air hose striking him violently in the lower abdomen has not recovered sufficiently at this time to resume duty, but will likely be able in a few days to do so. Brakeman Jefferies has been an employe on this division several years and is a competent man.

For protection on children a day old, see Mr. Hoekesfeld of the Quick Pay. He can give you better protection at a younger age than other old line companies, and will pay the day of death—the name Quick Pay means just this kind of service. He has all forms of insurance for adults as well. Drop him a card and ask him to call to explain it to you. Just the kind you have been looking for.

It is reported the Bloomfield gravel pit will close temporarily. The supply of gravel is unlimited and the grade has improved. The pit has been operated by A. W. Wilkey, who has moved a train load a day for sometime, and had a Frisco engine leased to switch the loads and empties from the steam shovel 1. New Madrid County has used a considerable amount of this gravel for good roads.

Assistant Superintendent H. W. Hale left Wednesday for a ten days' vacation with headquarters at Claremore, Oklahoma. He promises to bring back an accurate report of the Clara Smith Hamon drama staged at Claremore the 19th of last November at the expense of Jake L. Hamon—oil king and Republican National Committeeman. He and Jake used to be buddies, don't you know? (Nix).

The rush of cotton into Blytheville caused an accumulation making it necessary for the Frisco to embargo the movement of cotton to Blytheville until the accumulation is disposed of. Gins and compresses are in need of 100 laborers to truck cotton, offering 30 cents per hour, with privilege of working any number of hours.

The same congested conditions prevail at Walnut Ridge, making it necessary to place an embargo on the movement of cotton there until the accumulation is disposed of.

The home of M. D. Thacker, at Oran was destroyed by fire last Thursday while the family were at the Sikeston Fair. The home of Zeno Heisserer was nearly ablaze a time or two from the intense heat, but the bucket brigade kept flames from breaking out. The Methodist church nearer to the fire, and a brick structure, had several window panes broken from the heat, but the damage to the building was negligible. It is not known what originated the fire; unless it was a short circuit in the wiring. The amount of insurance protection, if any, is not known.

M. H. Gunner, Superintendent of the Silica Pit, was in town Monday. Mr. Gunner is the only survivor of the trio involved in the dynamite explosion at Silica Pit about a month ago. The three wounded men were

rushed to Cape Girardeau for hospital treatment by special train, soon after the accident, but the other two succumbed to the shock and injuries. Mr. Gunner was private secretary to Superintendent Claiborne of the Frisco at Chaffee in 1918 prior to accepting employment with the Silica Pit concern, who are engaged in moving an enormous amount of this material to the good roads districts, principally in Arkansas, but in Missouri as well. If properly put on it makes a smooth, lasting surface.

A rear end collision occurred at 6:20 A. M. Wednesday at Nash between passenger train No. 875 and Memphis fast freight No. 831. The freight had slowed down to about 8 mile speed at Nash within yard limits, moving under control as rules prescribe expecting to find main line occupied possibly. There was a heavy fog that made distant vision impossible. While the freight was feeling its way through Nash, the passenger train overtook and collided with the rear end, dislocating one pair trucks under a freight car and the impact injuring a baggage man on the passenger train and breaking some window sashes in the coaches. The fireman and engineer on the passenger engine joined the bridge gang before the collision. The responsibility of the accident has not been investigated and placed, but the rules were violated it is thought by the freight crew, being on the time of the passenger train and failing to flag against them, or throw off a red fuse to maintain the five minute block between trains. The passenger crew had a right to expect the main line to be clear.

To School Patrons

The following notes are made that you may help in the routine of the system.

We ask that you have your children ON TIME and present every day. High School opens at 8:15 and closes at three. The grades begin work at nine, buildings being open at 8:30, and all close by four, the smaller ones earlier.

Dinner at home is much better than a cold lunch at school and none who can possibly avoid it, should remain at the buildings during the noon hour, though there are plenty of teachers on duty to look after those who must remain.

Some study at night and regular sleep is also an aid to good school work.

The telephones at school are for business only, and parents are requested not to ask that children be called except in an emergency. Calling pupils from class is not permitted, and it is a disturbing element to call them from a study period.

Feel free to visit school and talk with the teachers about your child's work.

NEGRO SENTENCED TO 21 YEARS FOR WRECKING TRAIN

Marion, Ark., Oct. 2.—Thomas Harris, negro, was convicted here last night of implication in the wrecking of a Missouri Pacific passenger train on the night of May 7 last, in which one trainman was killed and three others injured, and sentenced to twenty-one years in the Penitentiary.

Harris was arrested in Eldorado, Ark., two months after the wrecking of the train.

Mrs. Lindolph Modglin and babe of St. Louis, are here visiting the family of R. W. Modglin.

S. W. Ables left Tuesday morning for a visit with friends and relatives in Arlington, Mayfield, Clinton and Fulton, Ky. He will probably open a shoe repairing shop at Clinton, Ky., later. Mr. Ables has been a citizen of Sikeston for a number of years and The Standard is sorry to lose such as he.

The Standard believes it would be a fine thing if our merchants would get together and discuss the why and wherefore of so much money being sent out of Sikeston to mail order houses. Bundles of money is going out every day and bundles by parcel post is coming in every mail. This is one of the reasons for tight times here at this time. A good part of the little money in the community is being sent away for goods that should be purchased at home. Get in competition with outside concerns and make your prices so attractive that the buyer will spend his here at home.

Methodist Church

You are especially invited to attend services at the Methodist church next Sunday. The newly appointed Pastor returned to this charge by the recent Conference at Kennett, will talk on "The Objections of the Church For the Year". Several numbers of special music will be rendered.

Miss Hazel Stubbs is a business visitor in St. Louis this week.

Sid Schillig of Oran spent Fair week in Sikeston last week.

Dr. and Mrs. J. H. Yount motored to Cape Girardeau Wednesday.

Tom Raty of the Sikeston Mercantile Co., is at home on sick leave.

Lyman Fox, Jr., son of Mr. and Mrs. John Fox, is ill with pneumonia.

Fred Farris and wife of Benton visited Sikeston and took in the big Fair.

Quite a few of our young people attended the dance at Charleston Monday night.

Mr. and Mrs. Raymond Adams of Cape Girardeau were visitors to the Fair last week.

Mr. and Mrs. George Weber of St. Louis were guests of Mr. and Mrs. Ned Matthews during Fair week.

Mrs. Harry Smith, who spent several days with Mrs. Ed Kendall of near Kewanee last week, has returned home.

Miss Irene Loenneke, one of our public school teachers, visited her home in Jackson, the latter part of last week.

Mesdames Robert Cowan, Paar, Schlinger, Freeman of Cape Girardeau attended the Fair in this city Saturday.

The members of the M. E. Church are very much pleased that Rev. Mather has been elected to return to Sikeston to take charge of the church here. Rev. Mather was ordered here after the death of Rev. A. H. Barnes and has made good as a pastor and a friend to the people.

The first regular meeting of the Woman's Club will be held next Tuesday afternoon at the home of Mrs. I. H. Dunaway, on North Ranney, and will be in the form of a tea to the President of the Woman's Club, Miss Audrey Chaney. The hours are from 3 until 5 o'clock and a cordial invitation is extended to every lady in Sikeston. The Club Year Book is ready for distribution and a splendid program is planned for the year's work.

Some sort of a strange bird was captured by C. C. Freeman, near the Marshall Hotel, a few mornings ago. It was about the size of a hawk, had short legs with web feet, brown speckled in color, with beak like that of a hawk. It is supposed to have hit the telephone wires and stunned. Anyone having lost a bird of this description can have same by calling on Jno. Durbin and proving property.

Four Rescued From Auto in River.

Poplar Bluff, Mo., Oct. 1.—Two men, a woman and a child were rescued from an automobile submerged in the Black River here yesterday afternoon, after the car, driven by L. C. Adams of Chicago, plunged off the roadway down the river embankment, turning over three times before striking the water right side up. J. H. Johnson, one of the occupants of the car, is in a serious condition. Residents here dragged the occupants of the car from the river.

NOTICE TO EX-SERVICE MEN NATIONAL CONVENTION

The National organization of the American Legion as well as the State Department of Missouri of the same organization has agreed to reduce the dues for the year 1922, provided the dues for the year 1922 are sent in for the member for both years at the same time. Consequently the Henry Meldrum Post of the American Legion is in a position to accept new members for the balance of the year 1921, for \$2.50, or if the applicant desires to pay his 1922 dues at the same time, he will have his dues paid up until December 31, 1922 for \$4.50.

The dues that a member of the American Legion pays entitle him to a subscription for the American Legion Weekly, a first-class magazine that is published once a week, the official organ of the ex-service man. In addition to receiving this magazine and enjoying all the benefits of membership in the Legion, it has been the one active organization that has procured for the ex-service man those benefits which he has received. The American Legion directed the Campaign for the Bonus, which was recently voted by the people of this State, showing the generosity of the people of Missouri when a good cause receives the co-operation and support of the Press, and that too, in an unselfish degree.

Another reason why every ex-service man should join the Legion at this time is that the National Convention of the American Legion will meet in Kansas City, Mo., commencing the 31st day of October and lasting until the 2d day of November, 1921. This will probably be the last time the State of Missouri will be fortunate enough in having the National Convention meet within its borders, for many years to come. It is an occasion which every ex-service man should take advantage of because all the railroads in the State of Missouri, as well as in the United States, have very generously granted to members of the American Legion and the dependent members of their families, the extraordinary low rate of one cent per mile railroad fare. Consequently, there will be a great multitude of ex-service men in attendance at this convention and there will be reunions of most of the organizations that were in existence during the late war. Plans are on foot for a reunion of the 89th Division, the 10th Division, the 35th Division, the First Officers' Training Camp, and all other organizations in which Missourians are vitally interested. No ex-service man can afford to miss this occasion because his ticket will cost him less than \$10 from Sikeston to Kansas City and return. The Frisco railroad has kindly arranged to run a special train starting from Kennett at five o'clock in the morning on Sunday, October 30, 1921, which will pass through Sikeston about 7:00 or 7:30 a. m.; from St. Louis the Wabash will run this special train into Kansas City, arriving for the Convention about 9:00 o'clock Sunday evening, so that the entire trip will be a daylight one. Arrangements have been made to place a canteen in a baggage car on the trip from St. Louis to Kansas City.

However, to avail himself of this trip and reunion and the special railroad rates, the ex-service man must be a member of the American Legion, otherwise the railroad will not grant him the reduced rate of one cent a mile, which is about one-fourth of the customary fare. Those ex-service men who desire to go and take their families, or who desire to attend alone, should at once join the nearest Post of the American Legion so that they can get the benefit of this reduced fare, and any information that is desired concerning this trip, can be obtained from Robley Lennox, Post Adjutant, or Harry C. Blanton, Post Commander of the Henry Meldrum Post American Legion No. 114, at Sikeston, Mo.

LETTER FROM THE NATIONAL CAPITOL

Washington, D. C., Oct. 1.—Democrats in Congress are hoping for the success of the coming conference for reduction of armaments. They very properly take pride in it as a Democratic achievement. Those who think of it as a Republican move for popular approval have forgotten, in the hurry-burry of events, the history of the movement. A brief outline of that history will show that President Harding did not discover the idea, any more than Doctor Sawyer has discovered a cure for golf.

As recently as last spring, the President was much upset by Senator Borah's resolution directing him to call such a conference. And the latter did not himself discover the idea, any more than Laddie Bay discovered the Dog Star.

The whole idea of such a conference to reduce the terrible burden of armaments is Democratic. Champ Clark preached it off and on for 25 years, but it took another Missouri Democrat to put the concrete idea into the Naval Bill in 1916—five years ago. It was first offered by Representative Walter L. Hensley as a resolution and was then incorporated in the Naval Appropriation Act of 1916, and can be found in Vol. 39, part 1, page 618 of the U. S. Statutes at Large. I quote here the most important part of the law:

"It is hereby declared to be the policy of the United States to adjust and settle its international disputes through mediation or arbitration, to the end that war may be honorably avoided. It looks with apprehension and disfavor upon a general increase of armaments throughout the world, but it realizes that no single nation can disarm, and that without common agreement upon the subject every considerable power must maintain a relative standing in military strength.

"In view of the premises, the president is authorized and requested to invite, at an appropriate time, not later than the close of the war in Europe, all the great governments of the world to send representatives to a conference, which shall be charged with the duty of formulating a plan for a court of arbitration or other tribunal to which disputed questions between nations shall be referred or adjudication and peaceful settlement and to consider the question of disarmament and submit their recommendation to their respective governments for approval. The President is hereby authorized to appoint one citizen of the United States, who, in his judgment, shall be qualified for the mission by eminence in law and by devotion to the cause of peace, to be representatives of the United States in such a conference.

The law went on to appropriate \$200,000; curiously enough, President Harding asked for the same amount for expenses of the conference.

When the Hensley provision was up in the House, Speaker Clark left the chair to take up the cudgels for it, aiding Hensley to put it through. The chief opposition came from the late Augustus P. Gardner, son-in-law of Senator Lodge, who is now on the Conference Committee. The debate can be found in the Record of the 64th Congress, vol. 53, part 9, beginning at page 9843. This piece of legislation was also passed by the Democratic Senate and signed by the Democratic President and is now the law as much as in 1916.

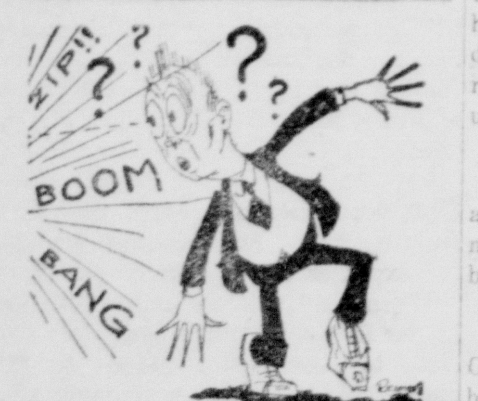

When the war was over and the Treaty of Versailles was being made, President Wilson had the idea inserted in that treaty as Article 8. This did not make it any more acceptable to the Republicans; in fact, the whole idea of such a conference seemed utterly repugnant to the Republicans until President Harding took it up and fostered it as his own idea.

Give Begley a Chance

The Standard's attention is again
called to the divorce of George Be-
gley, Jr., of Poplar Bluff, whose wife,
Mrs. Edith Ruth Begley, sued and
obtained a divorce which was granted
by Judge Ing in the Butler County
Court recently. It is too bad the law
is such that cases such as his come
within such a law.Our sympathy goes out to Begley,
whom we do not regard as a criminal
in any sense of the word. As we
have studied his case, we are fully
convinced he is simply a victim of
circumstances. George Begley, Jr.,
even though he is incarcerated in the
State Prison at Jefferson City, is
really a martyr to the cause of fur-
ther advancement Southeast Missouri.
It was due entirely to this young
man's foresightedness that we have
at this time, added to our long list
of farm products, the bigmoneysed
crop rice. He, and he alone, fully
demonstrated its successful advent
into this wonderful fertile valley of
the Mississippi. It was done on land
that has puzzled the wise ones con-
nected with our Agricultural College
of the State. There are thousands
and thousands of acres of this white
post oak land in Butler and Stoddard
Counties which this young man has
by his mistake "redeemed". We are
sure the day will soon come when
this young man will be proclaimed one
of Southeast Missouri's greatest of
men. We do not, and we feel sure
no one in Southeast Missouri will look
upon this young man with scorn, nor
shame, when he is released. He was
born and reared in Poplar Bluff and
was one of the biggest boosters for
our neighbor city. We feel sure Pop-
lar Bluff will again welcome him
back to their fold, but should they
fail to do so, he will find a hearty
welcome elsewhere. We need just
such men who have the nerve and
foresightedness to push ahead and de-
velop this great area of ours. We
are not afraid of young Begley ever
doing a wrong again. When he was
caught in a net, he acknowledged his
wrong-doing like a man and went to
take his punishment. The Standard
feels that now, since he has been in-
carcerated nearly two years, he should
be released and given an opportunity
to "come back."We have been told his home life
was always the happiest and his first
and foremost thoughts. It is too bad
his wife could not have remained true
and loyal to him during his time of
trouble and adversity. For what is
sweeter and nobler than the loyalty of
a good woman who believes in us
when in trouble. She need never feel
disgraced nor humiliated over his mis-
take. Our sympathy goes out deep-
ly to this young man. We are im-
pressed by his own recent statement,
when he said—"My wife's divorce is
to me, the greatest blow I have as
yet received." It only shows what
he terms his greatest setback. Why
could not his wife have looked upon
this move with greater care and re-
membered what it must mean to her
former husband. For the sake of
their only son, such a step should
have been avoided. We dare say some
day Mrs. Begley will regret her most
recent move of divorcing this son of
unfortunate circumstances.Miss Martha Martin is sorry that
a Fair week does not come once a
month as she reports the first good
business week for some time.Records of one 8000-acre farm in
Ohio show an annual increase of 8,000
bushel of corn through the adoption of
new strains of corn and improved
methods developed and recommended
by the United States Department of
Agriculture. The farmer has been
following the advice of the depart-
ment for 20 years, and has kept care-
ful records of his yield. For the last
10 years the increase averages more
than 10 bushels an acre over previous
years. Beyond the extra cost of har-
vesting, the labor and expense is no
greater than previously so the 8,000
bushels is regarded as clear gain.The Tax Commission, which at
present consists of a Republican ma-
chine politician and a bunch of twist-
ed wind, is going to employ a lot of
experts to go about the state and
convince the people that taxes have
not been increased. Of course, this
will be a difficult thing to do about
tax-paying time, but it will be a di-
verting performance. Since the street
fairs, with accompanying side-shows,
have gone out of vogue, Missouri cit-
ies and towns may amuse themselves
with the Tax Commission and its
agents. One of these latter is the
learned Mr. Claude Ball. Mr. Ball
does not know overly much about
anything, but probably knows less
about taxation than anything else, so
he is especially qualified for this work
of the Tax Commission. It is to be
hoped that these agents will get into
as many counties as possible, so that
Missourians may get as much enter-
tainment as possible before digging
into their pockets to meet the new
tax bills.—Missouri State Journal.SOUTHEAST MISSOURI

eties of cotton, lint and seed, shown
side by side. The difference in the
eight varieties was as great as differ-
ence in corn varieties. Farmers of
the three cotton growing counties are
desirous that the Fair management in-
crease the premium offerings on cot-
ton—their main crop—so that cotton
farmers will take greater interest in
making a successful display. There is
practically no corn grown in Pem-
iscot and Dunklin Counties and nat-
urally—having no products to enter
in the Grand Corn Show, they want
a Grand Cotton Show. The light va-
rieties of cotton exhibited by Pemiscot
were Nankeen—a fancy variety with
long staple; Trice, considered the best
variety for that particular section;
Manley's Heavy Fruiter, Texas Big
Ball, Weber 82, Weber 49; Kings Im-
proved; Wannamaker's Cleveland.One county exhibit was not judged,
in its entirety against another county,
as has been done heretofore, but the
county having the best specimen of
any products was awarded the blue
ribbon. Scott County won 22 firsts,
and 13 seconds—and had competition
on every exhibit. Mississippi Coun-
ty had a most attractive display and
was given a number of blue ribbons,
on products not in competition.On Saturday Mississippi County
showed a sixth cutting of alfalfa.

Bread.It is more nutritious than meat and costs a third as much.
She fixes it this way and that way, toast, sandwiches,
puddings and she always has "hings" that the family feels
like eating.One way to cut down the cost of living is to buy a 10c loaf
of Golden Crust or T. C. every morning, or every other
morning if your family is small, and put plenty of it on
the table for every meal.It's as fresh and delicious the second day as the first.
Right now is the time to call up your grocer and tell him
to send you a loaf of Golden Crust or T. C.—10c.

The Butler County team demonstrated "Care of Clothing", which included the removal of stains.

The Oran team gave a canning demonstration and canned soup mixture and pears.

The Mississippi County team of Charleston demonstrated "Clothes for the High School Girl."

Most of the sewing exhibit was the work of the Cape Girardeau County Clubs.

Miss Grace Dulaney, who was in charge of the Girls' Club work, deplored the lack of interest evinced in this important feature, by the throngs of visitors, who passed by the exhibit.

The Butler County Farm Agent had charge of the Boys' Stock Judging contest.

H. C. Blanton has been appointed by Harry Alexander, referee in bankruptcy, as receiver of the business of W. R. Clayton of Wardel, who has been adjudged as a bankrupt.

Dr. and Mrs. Wiley will leave for Risco, where they will make their home. Dr. Wiley has been in Risco the past several months clearing up some farm land and they will make their home there.

Fully a third of the students at the Chillicothe Business College enroll on the note plan, thus qualifying first and then paying for their schooling as they use it. Write the college for its remarkable credit offer.

Benton, Mo., Oct. 5.—Three prisoners escaped from the county jail Saturday night. As none of those confined in the county housewore were charged with what might be called major offenses the jailer did not deem it necessary to lock them in their cells. During the night they tried off a padlock that held the shutters to a window and crawled thru a hole between the window casing and the wall, made years ago by other prisoners. Those who made their getaway were William Miller and B. F. Casey, charged with bootlegging, and Ray Oliver, charged with breaking into a store at Chaffee and was brought back by deputy sheriff Tom Scott. The two others have not been apprehended. One prisoner did not embrace the opportunity to leave.—Cape Missourian.

Mrs. L. O. Rhodes and Miss Emma Wilson are spending a few days in St. Louis.

T. A. Wilson of the Southeast Missouri Agricultural Bureau left for points in Illinois Wednesday.

The D. A. R. will meet with Mrs. Emma Kendall Saturday afternoon at 2:30. A full attendance is requested.

We have added another truck to our delivery service and can place your meats early. Try our sugar-cured breakfast bacon, you will like it.—Walpole's Meat Market.

The executive committee of the Southeast Missouri Agricultural Bureau held its regular monthly meeting in the parlors of the Hotel Marshall in this city on Wednesday of this week.

Mr. and Mrs. Clay Farmer are the proud parents of a little daughter born Friday, September 31. They will call the baby Verna Lee. Mrs. Farmer was formerly Miss Nancy Turner.

In another column will be found a notice of a herd of Guernsey cattle for sale by Rev. Fr. C. Moenig of New Hamburg. The Standard is in hopes some one in this vicinity will buy this herd and give this splendid dairy breed a trial.

Wm. Taylor and Mary Jones were married by Justice Lescher Saturday afternoon and Tuesday they separated, young Taylor stating that didn't love the girl. The bride returned to Kentucky from whence she came, perhaps, a wiser girl.

F. W. Warren, of Jerseyville, Ill., was the starter of the horses at the Fair and gave entire satisfaction. With good judges, a good starter, and the best classes of horses ever on the ground, the racing at Sikeston was all that the public could ask for.

This afternoon Poplar Bluff will meet Sikeston High School on the local grounds and a good football game is looked for. If Sikeston wins, why, all right, and if she loses, all right. But, for goodness sakes, let's never have any more complaints of unfair tactics in any games of sport. Turn out to the game and encourage the home team.

Boys' Clothing

In this department *Quality* is the keynote, the same as in our men's clothing.

Johnny Tupants

This season we are taking particular pride in our Boys' Clothing Department, where we are featuring "*Perfection*" and "*Johnny Tupants*," the suits with the extra trousers. They

are both guaranteed all wool, and made with rip-proof seams—just what the boys need for good, hard wear. Prices are very reasonable, considering the quality—

\$12.50 to \$18.75

We also have some splendid values in Boys' Suits with two pairs of trousers, priced from **\$7.75 to \$11.75**

Boys' Corduroy, sizes 7 to 17, with two pairs of trousers, at **\$7.75**

Children's Corduroy Suits, sizes 3 to 8, special value at **\$2.95**

Boys' Knee Trousers, **\$1.00 to \$2.50**

NEWS LETTER FROM CHAFFEE

Marie Wilhelm has recovered from a case of tonsillitis.

Mrs. W. H. Pryor was an out-of-town visitor Tuesday.

Mrs. Lennen, who is in St. Louis in a hospital, is improving nicely.

Mrs. Fred Bandy of Mounds, Ill., is visiting Mr. and Mrs. John Bandy.

The Ruch Hoop Mill has been shut down the last week, but started last Monday.

Joe Barowsky returned Tuesday from a month's vacation with relatives in Indiana.

Mrs. W. E. Hill and two daughters have been visiting relatives at Hayti the last two weeks.

Mrs. E. C. Heard and son left Tuesday to visit her mother at Oran the remainder of the week.

Mrs. Fred Bisplinghoff will return the latter part of the week from an extended visit at Springfield, Mo.

John Bandy is very busy with his truck hauling freight from Cape Girardeau. A great deal of permanent road building has been done just north of Chaffee that will make the road travel better in wet weather.

Business has increased with the Frisco on this division during the last week and four brakemen have been put back that were out last winter. The local service between Cape Girardeau will be re-established to daily except Sunday in place of the tri-weekly service at present, to afford proper service and switching facilities for patrons of that territory.

Brakeman J. J. Jefferies, who received a personal injury August 23 at Ste. Genevieve by reason of an air hose striking him violently in the lower abdomen has not recovered sufficiently at this time to resume duty, but will likely be able in a few days to do so. Brakeman Jefferies has been an employe on this division several years and is a competent man.

For protection on children a day old, see Mr. Hoekesfeld of the Quick Pay. He can give you better protection at a younger age than other old line companies, and will pay the day of death—the name Quick Pay means just this kind of service. He has all forms of insurance for adults as well. Drop him a card and ask him to call to explain it to you. Just the kind you have been looking for.

It is reported the Bloomfield gravel pit will close temporarily. The supply of gravel is unlimited and the grade has improved. The pit has been operated by A. W. Wilkey, who has moved a train load a day for sometime, and had a Frisco engine leased to switch the loads and empties from the steam shovel. New Madrid County has used a considerable amount of this gravel for good roads.

Assistant Superintendent H. W. Hale left Wednesday for a ten days' vacation with headquarters at Claremore, Oklahoma. He promises to bring back an accurate report of the Clara Smith Hamon drama staged at Claremore the 19th of last November at the expense of Jake L. Hamon—oil king and Republican National Committee man. He and Jake use to be buddies, don't you know? (Nix).

The rush of cotton into Blytheville caused an accumulation making it necessary for the Frisco to embargo the movement of cotton to Blytheville until the accumulation is disposed of. Gins and compresses are in need of 100 laborers to truck cotton, offering 30 cents per hour, with privilege of working any number of hours. The same congested conditions prevail at Walnut Ridge, making it necessary to place an embargo on the movement of cotton there until the accumulation is disposed of.

The home of M. D. Thacker, at Oran was destroyed by fire last Thursday while the family were at the Sikeston Fair. The home of Zeno Heisserer was nearly ablaze a time or two from the intense heat, but the bucket brigade kept flames from breaking out. The Methodist church nearer to the fire, and a brick structure, had several window panes broken from the heat, but the damage to the building was negligible. It is not known what originated the fire; unless it was a short circuit in the wiring. The amount of insurance protection, if any, is not known.

M. H. Gunner, Superintendent of the Silica Pit, was in town Monday. Mr. Gunner is the only survivor of the trio involved in the dynamite explosion at Silica Pit about a month ago. The three wounded men were

rushed to Cape Girardeau for hospital treatment by special train, soon after the accident, but the other two succumbed to the shock and injuries. Mr. Gunner was private secretary to Superintendent Claiborne of the Frisco at Chaffee in 1918 prior to accepting employment with the Silica Pit concern, who are engaged in moving an enormous amount of this material to the good roads districts, principally in Arkansas, but in Missouri as well. If properly put on it makes a smooth, lasting surface.

A rear end collision occurred at 6:20 A. M. Wednesday at Nash between passenger train No. 875 and Memphis fast freight No. 831. The freight had slowed down to about 8 mile speed at Nash within yard limits, moving under control as rules prescribe expecting to find main line occupied possibly. There was a heavy fog that made distant vision impossible. While the freight was feeling its way through Nash, the passenger train overtook and collided with the rear end, dislocating one pair trucks under a freight car and the impact injuring a baggage man on the passenger train and breaking some window sashes in the coaches. The fireman and engineer on the passenger engine joined the bridge gang before the collision. The responsibility of the accident has not been investigated and placed, but the rules were violated it is thought by the freight crew, being on the time of the passenger train and failing to flag against them, or throw off a red fuse to maintain the five minute block between trains. The passenger crew had a right to expect the main line to be clear.

To School Patrons

The following notes are made that you may help in the routine of the system.

We ask that you have your children ON TIME and present every day. High School opens at 8:15 and closes at three. The grades begin work at nine, buildings being open at 8:30, and all close by four, the smaller ones earlier.

Dinner at home is much better than a cold lunch at school and none who can possibly avoid it, should remain at the buildings during the noon hour, though there are plenty of teachers on duty to look after those who must remain.

Some study at night and regular sleep is also an aid to good school work.

The telephones at school are for business only, and parents are requested not to ask that children be called except in an emergency. Calling pupils from class is not permitted, and it is a disturbing element to call them from a study period.

Feel free to visit school and talk with the teachers about your child's work.

NEGRO SENTENCED TO 21 YEARS FOR WRECKING TRAIN

Marion, Ark., Oct. 2.—Thomas Harris, negro, was convicted here last night of implication in the wrecking of a Missouri Pacific passenger train on the night of May 7 last, in which one trainman was killed and three others injured, and sentenced to twenty-one years in the Penitentiary.

Harris was arrested in Eldorado, Ark., two months after the wrecking of the train.

Mrs. Lindolph Modglin and babe of St. Louis are here visiting the family of R. W. Modglin.

S. W. Ables left Tuesday morning for a visit with friends and relatives in Arlington, Mayfield, Clinton and Fulton, Ky. He will probably open a shoe repairing shop at Clinton, Ky., later. Mr. Ables has been a citizen of Sikeston for a number of years and The Standard is sorry to lose such as he.

The Standard believes it would be a fine thing if our merchants would get together and discuss the why and wherefore of so much money being sent out of Sikeston to mail order houses. Bundles of money is going out every day and bundles by parcel post is coming in every mail. This is one of the reasons for tight times here at this time. A good part of the little money in the community is being sent away for goods that should be purchased at home. Get in competition with outside concerns and make your prices so attractive that the buyer will spend his here at home.

Miss Irene Loenneke, one of our public school teachers, visited her home in Jackson, the latter part of last week.

Mesdames Robert Cowan, Paar, Schlenger, Freeman of Cape Girardeau attended the Fair in this city Saturday.

The members of the M. E. Church are very much pleased that Rev. Mather has been elected to return to Sikeston to take charge of the church here. Rev. Mather was ordered here after the death of Rev. A. H. Barnes and has made good as a pastor and a friend to the people.

The first regular meeting of the Woman's Club will be held next Tuesday afternoon at the home of Mrs. I. H. Dunaway, on North Ranney, and will be in the form of a tea to the President of the Woman's Club, Miss Audrey Chaney. The hours are from 3 until 5 o'clock and a cordial invitation is extended to every lady in Sikeston. The Club Year Book is ready for distribution and a splendid program is planned for the year's work.

Some sort of a strange bird was captured by C. C. Freeman, near the Marshall Hotel, a few mornings ago. It was about the size of a hawk, had short legs with web feet, brown speckled in color, with beak like that of a hawk. It is supposed to have hit the telephone wires and stunned. Anyone having lost a bird of this description can have same by calling on Jno. Durbin and proving property.

NOTICE TO EX-SERVICE MEN NATIONAL CONVENTION

The National organization of the American Legion as well as the State Department of Missouri of the same organization has agreed to reduce the State and National dues for the balance of the year of 1921, provided the dues for the year 1922 are sent in for the member for both years at the same time. Consequently the Henry Meldrum Post of the American Legion is in a position to accept new members for the balance of the year 1921, for \$2.50, or if the applicant desires to pay his 1922 dues at the same time, he will have his dues paid up until December 31, 1922 for \$4.50.

The dues that a member of the American Legion pays entitle him to a subscription for the American Legion Weekly, a first-class magazine that is published once a week, the official organ of the ex-service man. In addition to receiving this magazine and enjoying all the benefits of membership in the Legion, it has been the one active organization that has procured for the ex-service man those benefits which he has received. The American Legion directed the Campaign for the Bonus, which was recently voted by the people of this State, showing the generosity of the people of Missouri when a good cause receives the co-operation and support of the Press, and that too, in an unselfish degree.

Another reason why every ex-service man should join the Legion at this time is that the National Convention of the American Legion will meet in Kansas City, Mo., commencing the 31st day of October and lasting until the 2d day of November, 1921. This will probably be the last time the State of Missouri will be fortunate enough in having the National Convention meet within its borders, for many years to come. It is an occasion which every ex-service man should take advantage of because all the railroads in the State of Missouri, as well as in the United States, have very generously granted to members of the American Legion and the dependent members of their families, the extraordinary low rate of one cent per mile railroad fare.

Consequently, there will be a great multitude of ex-service men in attendance at this convention and there will be reunions of most of the organizations that were in existence during the late war. Plans are on foot for a reunion of the 89th Division, the 10th Division, the 35th Division, the First Officers' Training Camp, and all other organizations in which Missourians are vitally interested. No ex-service man can afford to miss this occasion because his ticket will cost him less than \$10 from Sikeston to Kansas City and return. The Frisco railroad has kindly arranged to run a special train starting from Kennett at five o'clock in the morning on Sunday, October 30, 1921, which will pass through Sikeston about 7:00 or 7:30 a. m.; from St. Louis the Wabash will run this special train into Kansas City, arriving for the Convention about 9:00 o'clock Sunday evening, so that the entire trip will be a daylight one. Arrangements have been made to place a canteen in a baggage car on the trip from St. Louis to Kansas City.

However, to avail himself of this trip and reunion and the special railroad rates, the ex-service man must be a member of the American Legion, otherwise the railroad will not grant him the reduced rate of one cent a mile, which is about one-fourth of the customary fare. Those ex-service men who desire to go and take their families, or who desire to attend alone, should at once join the nearest Post of the American Legion so that they can get the benefit of this reduced fare, and any information that is desired concerning this trip, can be obtained from Robley Lennox, Post Adjutant, or Harry C. Blanton, Post Commander of the Henry Meldrum Post American Legion No. 114, at Sikeston, Mo.

When the war was over and the Treaty of Versailles was being made, President Wilson had the idea inserted in that treaty as Article 8. This did not make it any more acceptable to the Republicans; in fact, the whole idea of such a conference seemed utterly repugnant to the Republicans until President Harding took it up and fostered it as his own idea.

LETTER FROM THE NATIONAL CAPITOL

Washington, D. C., Oct. 1.—Democrats in Congress are hoping for the success of the coming conference for reduction of armaments. They very properly take pride in it as a Democratic achievement. Those who think of it as a Republican move for popular approval have forgotten, in the hurly-burly of events, the history of the movement. A brief outline of that history will show that President Harding did not discover the idea, any more than Doctor Sawyer has discovered a cure for golf.

As recently as last spring, the President was much upset by Senator Borah's resolution directing him to call such a conference. And the latter did not himself discover the idea, any more than Laddie Bay discovered the Dog Star.

The whole idea of such a conference to reduce the terrible burden of armaments is Democratic. Champ Clark preached it off and on for 25 years, but it took another Missouri Democrat to put the concrete idea into the Naval Bill in 1916—five years ago. It was first offered by Representative Walter L. Hensley as a resolution and was then incorporated in the Naval Appropriation Act of 1916, and can be found in Vol. 39, part 1, page 618 of the U. S. Statutes at Large. I quote here the most important part of the law:

"It is hereby declared to be the policy of the United States to adjust and settle its international disputes through mediation or arbitration, to the end that war may be honorably avoided. It looks with apprehension and disfavor upon a general increase of armaments throughout the world, but it realizes that no single nation can disarm, and that without common agreement upon the subject every considerable power must maintain a relative standing in military strength.

"In view of the premises, the president is authorized and requested to invite, at an appropriate time, not later than the close of the war in Europe, all the great governments of the world to send representatives to a conference, which shall be charged with the duty of formulating a plan for a court of arbitration or other tribunal to which disputed questions between nations shall be referred or adjudication and peaceful settlement and to consider the question of disarmament and submit their recommendation to their respective governments for approval. The President is hereby authorized to appoint the citizens of the United States, who, in his judgment, shall be qualified for the mission by eminence in the law and by devotion to the cause of peace, to be representatives of the United States in such a conference.

The law went on to appropriate \$200,000; curiously enough, President Harding asked for the same amount for expenses of the conference.

When the Hensley provision was up in the House, Speaker Clark left the chair to take up the cudgels for it, aiding Hensley to put it through. The chief opposition came from the late Augustus P. Gardner, son-in-law of Senator Lodge, who is now on the Conference Committee. The debate can be found in the Record of the 64th Congress, vol. 53, part 9, beginning at page 9843. This piece of legislation was also passed by the Democratic Senate and signed by the Democratic President and is now the law as much as in 1916.

When the war was over and the Treaty of Versailles was being made, President Wilson had the idea inserted in that treaty as Article 8. This did not make it any more acceptable to the Republicans; in fact, the whole idea of such a conference seemed utterly repugnant to the Republicans until President Harding took it up and fostered it as his own idea.

Give Begley a Chance

The Standard's attention is again called to the divorce of George Begley, Jr., of Poplar Bluff, whose wife, Mrs. Edith Ruth Begley, sued and obtained a divorce which was granted by Judge Ing in the Butler County Court recently. It is too bad the law is such that cases such as his come within such a law.

Our sympathy goes out to Begley, whom we do not regard as a criminal in any sense of the word. As we have studied his case, we are fully convinced he is simply a victim of circumstances. George Begley, Jr., even though he is incarcerated in the State Prison at Jefferson City, is really a martyr to the cause of further advancement Southeast Missouri. It was due entirely to this young man's foresightedness that we have at this time, added to our long list of farm products, the bigmoneysed crop rice. He, and he alone, fully demonstrated its successful advent into this wonderful fertile valley of the Mississippi. It was done on land that has puzzled the wise ones connected with our Agricultural College of the State. There are thousands and thousands of acres of this white post oak land in Butler and Stoddard Counties which this young man has by his mistake "redeemed". We are sure the day will soon come when this young man will be proclaimed one of Southeast Missouri's greatest of men. We do not, and we feel sure no one in Southeast Missouri will look upon this young man with scorn, nor shame, when he is released. He was born and reared in Poplar Bluff and was one of the biggest boosters for our neighbor city. We feel sure Poplar Bluff will again welcome him back to their fold, but should they fail to do so, he will find a hearty welcome elsewhere. We need just such men who have the nerve and foresightedness to push ahead and develop this great area of ours. We are not afraid of young Begley ever doing a wrong again. When he was caught in a net he acknowledged his wrong-doing like a man and went to take his punishment. The Standard feels that now, since he has been incarcerated nearly two years, he should be released and given an opportunity to "come back."

We have been told his home life was always the happiest and his first and foremost thoughts. It is too bad his wife could not have remained true and loyal to him during his time of trouble and adversity. For what is sweeter and nobler than the loyalty of a good woman who believes in us when in trouble. She need never feel disgraced nor humiliated over his mistake. Our sympathy goes out deeply to this young man. We are impressed by his own recent statement, when he said—"My wife's divorce is to me, the greatest blow I have as yet received." It only shows what he terms his greatest setback. Why could not his wife have looked upon this move with greater care and remembered what it must mean to her former husband. For the sake of their only son, such a step should have been avoided. We dare say some day Mrs. Begley will regret her most recent move of divorcing this son of unfortunate circumstances.

Miss Martha Martin is sorry that a Fair week does not come once a month as she reports the first good business week for some time.

Records of one 8000-acre farm in Ohio show an annual increase of 8,000 bushel of corn through the adoption of new strains of corn and improved methods developed and recommended by the United States Department of Agriculture. The farmer has been following the advice of the department for 20 years, and has kept careful records of his yield. For the last 10 years the increase averages more than 10 bushels an acre over previous years. Beyond the extra cost of harvesting, the labor and expense is no greater than previously to the 8,000 bushels is regarded as clear gain.

The Tax Commission, which at present consists of a Republican machine politician and a bunch of twisted wind, is going to employ a lot of experts to go about the state and convince the people that taxes have not been increased. Of course, this will be a difficult thing to do about tax-paying time, but it will be a diverting performance. Since the street fairs, with accompanying side-shows, have gone out of vogue, Missouri cities and towns may amuse themselves with the Tax Commission and its agents. One of these latter is the learned Mr. Claude Ball. Mr. Ball does not know overly much about anything, but probably knows less about taxation than anything else, so he is especially qualified for this work of the Tax Commission. It is to be hoped that these agents will get into as many counties as possible, so that Missourians may get as much entertainment as possible before digging into their pockets to meet the new tax bills.—Missouri State Journal.

SOUTHEAST MISSOURI DISTRICT FAIR CLOSES

Southeast Missouri's big show—the great event of the year, closed Saturday after a four days run. The weather man showed his impartiality by handing us ideal weather and the grounds each day were filled with visitors from far and near. Members of the Fair Association are greatly pleased with the results from every standpoint—especially the financial end—since, from the present outlook, it seems they will not go "in the hole" quite so deep (if any) as last year. Uniform crowds were in attendance each of the first three days, but the Saturday crowd was one of the largest that has ever assembled in the grounds.

The day of prize drawings naturally attracting the people from far and near. Clarence Johnson, a lad from Bell City, Stoddard County, led the lucky number 24641, which won for him the Ford Automobile. The Weber-Damme farm wagon was won by Joe Miller of Vanduser, who held ticket number 27313; Mrs. C. C. Freeman of Skeston won the Poland China Boar, with ticket number 1664, and Mrs. Rudd Lee of Kewanee, holding ticket 25020, won the Duroc Jersey Boar.

All visitors on the grounds "Oh'd", "Ah'd" and "Gee Whizzed", when the dare-devil airmen put on their thrilling exhibition each day. Many persons were heard to declare they "didn't believe it would be done" until they saw with their own eyes a man standing upon the top of a plane while the plane looped the loop—and saw the acrobat change planes in mid-air.

The unusual weather conditions of early spring and the mid-summer drought were reflected in the agricultural and horticultural buildings—yet the six counties displaying products, Pemiscot, Scott, Mississippi, Butler, New Madrid and Cape Girardeau, had most creditable displays. The interesting feature of the Pemiscot booth—one not fully appreciated by other than farmers of the cotton growing section, was the exhibit of eight varieties of cotton, lint and seed, shown side by side. The difference in the eight varieties was as great as difference in corn varieties. Farmers of the three cotton growing counties are desirous that the Fair management increase the premium offerings on cotton—their main crop—so that cotton farmers will take greater interest in making a successful display. There is practically no corn grown in Pemiscot and Dunklin Counties and naturally—having no products to enter in the Grand Cotton Show, they want a Grand Cotton Show. The light varieties of cotton exhibited by Pemiscot were Nankeen—a fancy variety with long staple; Trice, considered the best variety for that particular section; Manley's Heavy Fruiter, Texas Big Boll, Weber 82, Weber 49, Kings Improved; Wannamaker's Cleveland.

One county exhibit was not judged, in its entirety against another county, as has been done heretofore, but the county having the best specimen of any products was awarded the blue ribbon. Scott County won 22 firsts and 13 seconds—and had competition on every exhibit. Mississippi County had a most attractive display and was given a number of blue ribbons, on products not in competition.

On Saturday Mississippi County showed a sixth cutting of alfalfa. Awards in Agricultural and Horticultural department are:

\$5000 PEARL FOUND
 NEAR POPLAR BLUFF
 Poplar Bluff, Mo., September 28.—The biggest pearl ever found in this section has been discovered by Frank E. Adams, a professional pearler of this city. The pearl, thought to be a perfect specimen, was found in a mussel shell a few days ago near the Missouri Pacific Bridge, four miles north of Poplar Bluff.
 The gem weighed thirty-five and a half grains and is valued at approximately \$5000. So valuable was the pearl thought to be before expert inspection was made, that Adams traded the gem to F. M. Starks for six lots in the Grand avenue residential district, with a small sum of money "too boot". Stark feels that he made a bargain in the deal, and that the pearl will bring \$5000 on the market, where jewels of this wealth are in demand. He has refused \$3500 cash in Poplar Bluff.
 Reports from the central part of the State indicate that the fly-free date for planing wheat is being more generally observed this year than ever before.
 The Stoddard County Farm Bureau will stage a county-wide swine show at Dexter on October 19 and 20. The show will include attractive prizes for the winners in every breed of hogs.
 Sergt. Alvin C. York, "the greatest hero of the war", has refused to consider an offer of \$6000 for a twenty-week theatrical tour on which he would be required to appear 30 minutes a day. He announced following a "heart to heart talk on conscience" at a religious gathering at Cleveland, Ohio, that although he needed the money to pay off a mortgage on his Tennessee farm, his conscience would not let him exploit patriotism.

Catarrh Cannot Be Cured

As LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

Fully a third of the students at the Chillicothe Business College enroll on the note plan, thus qualifying first and then paying for their schooling as they use it. Write the college for its remarkable credit offer.

Benton, Mo., Oct. 5.—Three prisoners escaped from the county jail Saturday night. As none of those confined in the county hoosegow were charged with what might be called major offenses the jailer did not deem it necessary to lock them in their cells. During the night they pried off a padlock that held the shutters to a window and crawled thru a hole between the window casing and the wall, made years ago by other prisoners. Those who made their getaway were William Miller and B. F. Casey, charged with bootlegging, and Ray Oliver, charged with breaking into a store at Chaffee and was brought back by deputy sheriff Tom Scott. The two others have not been apprehended. One prisoner did not embrace the opportunity to leave.—Cape Missourian.

Wm. Taylor and Mary Jones were married by Justice Lescher Saturday afternoon and Tuesday they separated, young Taylor stating that he didn't love the girl. The bride returned to Kentucky from whence she came, perhaps, a wiser girl.

F. W. Warren, of Jerseyville, Ill., was the starter of the horses at the Fair and gave entire satisfaction. With good judges, a good starter, and the best classes of horses ever on the ground, the racing at Sikeston was all that the public could ask for.

This afternoon Poplar Bluff will meet Sikeston High School on the local grounds and a good football game is looked for. If Sikeston wins, why, all right, and if she loses, all right. But, for goodness sakes, let's never have any more complaints of unfair tactics in any games of sport. Turn out to the game and encourage the home team.

Boys' Clothing

In this department *Quality* is the keynote, the same as in our men's clothing.

Johnny Tupants

This season we are taking particular pride in our Boys' Clothing Department, where we are featuring "*Perfection*" and "*Johnny Tupants*," the suits with the extra trousers. They are both guaranteed all wool, and made with rip-proof seams—just what the boys need for good, hard wear. Prices are very reasonable, considering the quality—

\$12.50 to \$18.75

We also have some splendid values in Boys' Suits with two pairs of trousers, priced from **\$7.75 to \$11.75**

Boys' Corduroy, sizes 7 to 17, with two pairs of trousers, at **\$7.75**

Children's Corduroy Suits, sizes 3 to 8, special value at **\$2.95**

Boys' Knee Trousers, \$1.00 to \$2.50
